Re Estimate for Rs 9,315/- for extending the west Zone Main to connect up with 9" main feeding Chamarajapet Reservoir, Bangalore

With reference to your letter No A7 Pr 88/46-47 dated 21-4-1947 forwarding copy of letter No 14172 of 15-4-1947 from the Revenue Secretary to Government to you, I have the honour to reply as follows -

This estimate is a fresh addition and is not contemplated in the estimate of 4 71 lakhs for West and East Zone Mains

This is a most urgently needed piece of work because the laying of this 9" extension to Chamarajapet Reservoir from the 15" West Zone Main from beyond Father Briand Church will release the load on the 18" main, laid from Combined Jewel Filters to Binny Mills and on to Basavanagudi and after travelling 6½" miles It will relieve all the supplies in this 18" main to feed Basavanagudi areas where the supplies are now inadequate being drawn away to Chamarajapet before going to Basavanagudi

The demands at Basavanagudi are very much on the increase and very soon they will get greater since this 18" to 15" Basavanagudi main has to feed new extensions of Lalbagh Town near Ranakanapalya and Siddapur etc

Hence the present new 9" Extension to Chamarajapet from the 15" West Zone Main is a necessity
